The Illustrations Are Exact Reproductions of the Suits

Out-of-town customers can order these Suits by cutting out the advertisement with the illustration of the Suit wanted & forwarding with the order.

We consider these Suits to be the best values of the season.

They're new styles & of the conservative kind that appeal to women looking for long service & good appearance.

The fabrics are all high grade—only reason for the extraordinary low prices being that the manufacturers would sooner sacrifice profits than hold the cloth through the winter.

The tailoring is not surpassed in suits at double the prices. Notice, if you please, how trimly & snugly these suits conform to the figure; the finish of the seams—in short, the whole appearance of the Suits betoken what they are—garments that are worth far more than we are asking for them.

In connection with the special Suits illustrated we have others at \$15.75 & \$21.50, worth from \$21.50 to \$27.50. Broken lots—one, two & three of a kind, but exceptionally strong values & all this season's best styles. There's a large assortment at these two prices.
